

# WEEKLY PRAYER GUIDE

---

## **AWANA CLUBS (8th Anniversary, 17 July)**

- \* Praise God for His sustenance and grace seeing AWANA through the past 8 years.
- \* Pray that God will continue to bless the AWANA Ministry as it reaches out to many children with the Gospel of truth and draws children closer to God with His Word.
- \* Pray that despite the ever-changing COVID-19 restrictions and directives, God will allow AWANA to continue to minister to children whether physically (when allowed) or electronically via Zoom.
- \* Thank God for blessing us with faithful AWANA leaders and co-labourers for the Lord. May God bless each and every leader with the joy of serving Him, trusting that the Lord will reap the harvest as we share God's love and plant seeds of His Word in the hearts of the children.
- \* Pray for good health and safety from COVID-19 for the children, their families and our AWANA leaders.

## **COVENANT BIBLE SCHOOL (Starting from 5 Aug to 23 September)**

- \* Pray for our upcoming course on Singleness, Marriage and Sexuality starting on 5 August, as we have quite a few newcomers attending the course, and some will be joining us from abroad. May God bless our time together as we learn and grow in this area.
- \* Pray for **Dr Dan Doriani** as he prepares for the lecture sessions, and **Pastoral Intern Joseph Tee** as he leads the tutorials.

## PERSONAL NEEDS

- \* **Peter Goh Aik Sin (ZMS):** He recently had a few minor strokes which affected his movement, speech and vision. His prostate cancer has also spread to his bladder causing some bleeding. Pray to the Lord to keep him comfortable and to experience His peace and presence.
- \* **Mr Bay Kang Chwee (ZMS):** His third cycle of chemotherapy had to be postponed tentatively to 26 July 2021 due to additional tests required. Please pray for wisdom for the doctors to plan and direct the medical treatment effectively so as to deal with persisting chronic symptoms. Pray for minimal side effects and a heart of praise and trust as another week of treatment beckons.
- \* **Mrs Helen Chan (ZES):** Thank God for sustaining her spiritually, physically and emotionally during this trying time as she undergoes radiation therapy with multiple side-effects. Her last radiotherapy session is on 27 July. Ask the Lord to continue to encourage her with His peace, comfort, and strength.
