

WEEKLY PRAYER GUIDE

CHILDREN'S DAY

10 October (Sunday School Online Celebration @ 11.15am-12.15pm)

Please pray:

- * That the children will be blessed by the message and come to know and experience Jesus as the Shepherd of their lives.
- * For added strength and grace for the speaker, teachers and helpers to facilitate the planned activities successfully so that God's name may be glorified.

YOUTH MINISTRY

Please pray for those taking the National Exams:

O Level: Roxanne Eng, Ruth Ong, , Arcci Amor, Ben Tan, Brandon Tay, Brendan & Aidan Toh, Nicklaus Goh, Samuel Tan, Titus Soh and Sui Yi En & Yi Jie

A Level: Rachel Tan and Shanice Ho

N Level: Gabriel Kok

- * May the Lord help our youths to trust in Him, believing that He is almighty, sovereign and that He will see them through this period.
- * Pray for the youths to rely on God for strength, wisdom and motivation as they revise and encourage their friends around them.
- * Pray for their safety as they continue to head back to school for their revisions and the exams in the midst of the rising COVID-19 cases.

MENTAL HEALTH MATTERS

17 & 24 October, 2.15-4.00pm (on ZOOM)

- * It's Mental Health Day this Sunday! We pray that our church will be willing to grow in understanding of mental health this month, and support one another in this area as a body of Christ.
- * Pray for our speakers, **Pamela Koh** and **Dr Eu**, as they prepare for the session, and for our own members as they prepare to share their mental health journeys and experience with us. May we all be blessed to bless others through their sharing!

WEEKLY PRAYER GUIDE

PERSONAL NEEDS

- * **Mrs Helen Chan (ZES):** She was admitted to NUH last Tuesday because she threw up and her stomach appeared a little swollen. After some tests, the doctors suspected she has an infection near the liver and stomach region. She is being treated with antibiotics. Pray for smooth recovery.
- * **Mr Bay Kang Chwee (ZMS):** Thank God for His grace, enabling **Mr Bay** to complete his 6th chemotherapy cycle. Pray for current side effects to be abated and for endurance as he looks forward to his last chemotherapy session currently scheduled for 22 Oct 2021.
- * Remember **Joseph Ng** in prayer (son of **Philip and Nancy Ng – ZMS**): Thank God **Joseph's** blood counts have seen marked improvements. He was discharged to spend time with his wife (Christina) and three little children before he returns to the hospital on 18 October for another round of chemo, and eventually has his bone marrow transplant. Continue to uphold **Joseph** in prayer for God's mercy and grace. He and his family deeply appreciate our prayers.
- * **Mr Peter Yeo (ZMS):** He has not been well recently. His recent MRI indicated some undesirable tissues in the pancreas which might be malignant. The doctor has recommended a scope. But the family is unsure if it is safe enough for him as the scope poses risks. Please pray for wisdom and discernment on the best possible procedure and treatment going forward.
