WEEKLY PRAYER GUIDE

Christians@Work: Engineers

Engineers work in a multitude of industries, like biomedical, cybersecurity and education, performing a range of jobs from maintenance-related ones to research, design and development ones.

- » Thank God for our fellow brothers- and sisters-in-Christ working tirelessly as engineers to keep systems in operation and develop new innovations.
- » Pray that the Lord will **keep alight their passions** for their work and grant them the rest, energy and fervour to press on when things get tough and tiring.
- » Pray for the Lord to keep them **safe and healthy** in their work environments.
- » May the Lord bless them with creativity and pragmatism as they identify and develop solutions whilst keeping up to date with trends and innovations.
- » Pray for the Lord's helping as they meticulously focus on details in their work which could affect the safety, feasibility, and stability of the systems they work on.
- » Pray that the Lord will help them be **salt and light of the world**, living as Kingdom citizens, in wherever He had placed them and to work cheerfully and bear good witness of Him to all
